

Our Mission

“The Roane County Chamber is a non-profit, professionally staffed, general business corporation, which provides information, representation, and leadership for the business community.

The Chamber strives to provide support and guidance to its members in everyday interaction with government and the community at large.

The Chamber acts as a catalyst for objective change by coordinating the efforts on behalf of business, and other community based organizations, toward making Roane County a favorable place in which to operate a business, a desirable place in which to work, and an attractive place in which to live.”

Simply put, we are igniting success for our members and for Roane County!

“The Roane County Chamber of Commerce has helped our business greatly by promoting the entire county as a great place to visit and shop. The Chamber is always coming up with new advertising opportunities that we would not have had any other way.”

*David Webb & Debbie Mee,
Rocky Top General Store*

“Membership with the Chamber is a win-win for your business' success while benefitting a positive growth for Roane County. It really makes sense.”

Darrell Williams
Membership Services Manager
